

HELP MARCIN GET BACK ON TRACK!!!

Marcin is 19 years old. He is a student of the final class of the Secondary Technical School, likes cooking and is interested in Astronomy. He has always wanted to continue learning, to be independent and get an interesting job in the future...These were the aspirations of a young man whose life started to gain momentum when the tragedy happened. On 1 November 2018 Marcin's life and all his plans got dashed in a second. The **car accident he was involved in as a passenger** changed his and his family life. That was the moment the ongoing fight for life and recovery began.

Marcin has got seriously injured: **traumatic brain injury, brain swelling, skull and face damage, lost vision in his right eye and his right femur got broken.** He had many complex, life saving surgeries and was **in coma for nearly 3 weeks.** His future health status was a big question mark for the doctors but Marcin did not give up.

Today he is conscious, has got left hemiparesis, is blind in right eye and his right leg is still recovering after the surgery. He is continuously fighting for a better health and future. He knows he has life ahead of him! Marcin requires **complex and constant medical care and rehabilitation** to be able to walk, talk and to learn how to live once again. He recently **started to work with physiotherapists and the progress is visible.** This gives him and his family great hope that the work which is being done every day will bring positive effects. Marcin knows that there is still a lot to do and he can't give up.

He is not alone on this battlefield, all his family is supporting him by being close, thinking positively and praying. Marcin is young and tries to be strong but without other people's help the road to recovery and normal, independent life is very hard and complicated. **Fast, intense and very expensive rehabilitation is needed.** The costs significantly exceed family budget that's why **Marcin and his family ask you for help.** Please become **Marcin's Angel.** Thank you!

Marcin is supported by "Forani" Foundation and a special bank account has been created for him. Every little helps.
